## Art-Play Art School Children's Appreciation Ceremony - 2017

**October 29th, 2017, Beijing**

Over the last 3 years, the Red Wall Garden Hotel has fostered a relationship with the Children and Parents from the local Art-Play Art School. Every year the children are given projects to do which are showcased and on display throughout the Public Areas. These artworks display the creativity through the children's eyes and some of the items are actually for sale. The proceeds are then awarded to one of the under privileged schools in Beijing each year. On Sunday, 29<sup>th</sup> October 2017, the Red Wall Garden Hotel held a special Awards Ceremony and Awarded all the Children with Certificates of Appreciation for all their efforts this year.

“Cultural Experiences are one of the core values of the hotel. The inside décor features wall murals depicting traditional Hutong Culture, as well as the artistic works from the Children at the Art-Play Art School. We are delighted to have been part of a 3-year relationship with these Artists and Children and to be able to promote an Art and Design Culture, not only within Beijing, but also Nationally throughout China.” - said Hotel General Manager - Mr. Gavin Rimmer.
